To our great Millville Marching Band,

Best of luck to the Millville Marching Band in tonight's competition. We are so proud of all of you for how hard you all work and how well you represent Millville High School. Congratulations on a terrific season!

We know all the endless hours and hard work that our Millville students have put in to get here today and compete at the Cavalcade of Bands. Our young performers have impressed us for years also due to the hard work and expertise of our band director, Mr. Robert DeSantis. Just setting foot on this field makes us proud. But you also represent Millville with strength, dedication, and musicality.

I wish you all the best of luck and **you are all stars** to me no matter where you place!

Go bolts!!!

Yours truly,

Ms. Kristin McManus  
Vice Principal

Congratulations to the Millville Marching Band on their performance of The Beatles during this year's tour! You have been working to master this piece of music since those long summer mornings at Lakeside. It was great having the opportunity to visit your practices and to see how all of you have brought the music to life. Your hard work and dedication is something all of you should be very proud of when you step on the field tonight and in all the competitions this school year. You represent the school, community, and your families with the highest levels of professionalism which makes us all very proud. Congratulations to Mr. D, Ms. Zeiters, and the support team for putting together such a great show. Special thanks also for taking my special request of Shakedown Street which is played at all the football games!! So all those "Hard Day's Nights" will "Help" us all "Come Together" to root on the Thunderbolts this school year.

Good Luck to the Millville High School Marching in tonight's competition. Congratulations on a terrific season. Thanks to all the staff, students, and parents that have worked so hard to make this band successful.

## *Guidelines for Spectator Etiquette*

Every student who sets foot upon this field this evening is a winner! Each has worked long and hard preparing and will now present to you for your approval the results of their labors. It is your job as a spectator to give as much attention as is humanly possible and to acknowledge everyone's efforts throughout the performances.

Each and every one of the students here today has given an enormous amount of their time and energies working hard striving for excellence. Each and every one of these performing groups will achieve to a varying degree and each and every one of these students is deserving of response and recognition! The job of a spectator is to cheer wildly and enthusiastically for ALL the bands.

It is not proper to enter or leave your seat in the middle of someone's performance. Please wait until the performance is completed before entering or leaving your seat. The time to talk and comment is in between performances and definitely not while a band is performing.

It is proper and expected that all spectators will applaud for ALL of the performers. Some spectators have fallen into the habit of only applauding for their own child's performance, thinking that the amount of applause that a group gets might affect the score. Judges really are not affected by spectators' applause.

Let it be known that air horns, cow bells and any other noise-making devices in the stands can actually be a detriment to a band's performance. If the judges can not hear the band perform, they cannot give proper credit. Support the host school financially tonight. Buy a program, a soda and a hot dog. Let the advertisers and sponsors know that you saw their ad in the book and appreciate their continued support.

The National Wild and Scenic Rivers  
Act of 1968

The National Wild and Scenic Rivers  
Act was passed by Congress in 1968  
to protect those rivers with outstanding  
cultural, historical and recreational  
value. The goal of this act is to  
preserve the rivers it protects in their  
natural beauty for future generations  
by protecting the rivers from further  
development.

When you take a cruise down the  
Maurice River with Captain Dave,  
you will understand why the Maurice  
River is one of less than one quarter  
of 1% of the nation's rivers to receive  
this designation. The cruise will take  
you through the beautiful Maurice  
River Bluffs Nature Preserve, where  
you can view the eagles, osprey, blue  
herons, and other wildlife that call the  
preserve home.
