

Banking Options

The Millville Board of Education offers various options to help make banking more convenient and to assist employees in saving for the summer. Please find a brief description of these optional payroll deductions below:

Direct Deposit

Please be sure to complete a Direct Deposit form (found in the Payroll Forms folder on the Payroll Department website) and attach a voided check or account confirmation from your bank. This form is used when starting direct deposit and changing your account number. Please be sure to notify the Payroll Department when your banking information changes.

This service made available for use with ANY bank. Your net paycheck will be posted to your bank account each payday...no more waiting for the mail, waiting in lines, waiting for a replacement for a lost check, worrying about school closings, etc. A check stub will be sent for informational purposes.

Summer Savings

This is a statutory provision that makes it possible for ten-month employees to receive a portion of their salaries during summer months. This is an optional payroll deduction, in which an employee specified amount/percentage is deposited into your personal account at Millville Savings and Loan. Please see the Summer Savings Form (found in the Payroll Forms folder on the Payroll Department website) for further description and instructions.

Members 1st Federal Credit Union (formerly Cumco)

In order to initiate a payroll deduction to have funds deposited into your personal account at Members 1st Federal Credit Union, you will first need to open an account at the Credit Union office located at 37 West Landis Avenue in Vineland, NJ. A Payroll Deduction / Direct Deposit Authorization form (found in the Payroll Forms folder on the Payroll Department website) will need to be completed and submitted to the Payroll Department to identify the amount of the requested payroll deduction.

You can contact Members 1st Federal Credit Union at (856) 453-9094, www.membersonenj.org, or 37 West Landis Avenue, Vineland NJ 08360.

Additional Direct Deposit

It is possible to have a specific amount deposited into a personal account at the bank of your choice. This is in addition to having your net check directly deposited into your personal account. If you would like to initiate an Additional Direct Deposit deduction, the ADDP form (found in the Payroll Forms folder on the Payroll Department website) will need to be completed and submitted to the Payroll Department.
